COLLECTING
—AND—
NEWSPAPER AGENCY!

THE undersigned having opened an office at No. 1 FURLONG'S BLOCK, is prepared to do a Collecting Business in all parts of Wisconsin, Northern Iowa and Minnesota, on the most reasonable terms, and with the greatest dispatch. Being well acquainted in those States, and having correspondents in all of the principal towns and cities, he flatters himself that he can give entire satisfaction to those who may entrust their business to his care.

There may be found also at my office, newspapers of the largest circulation published in all the principal towns in the State, with terms, &c.

Advertise your business, gentlemen, if you wish to prosper. Who ever heard of a man doing a successful business without advertising?

Gentlemen overhaul your drawers, pigeon-holes, notebooks, ledgers, &c., and see if you have not something that will pay to put into the hands of a Collector, for I sometimes collect hard debts. C. C. OLIN,

Notice Extraordinary!

WE WOULD NOTIFY the merchants and the public generally in the Western States that the Match Manufactory of R. W. PIERCE & CO., Milwaukee, Wis., is in full and successful operation, notwithstanding the declarations of a match concern in Detroit, Mich., that our establishment had burned down—that R. W. Pierce & Co. had failed—that no more R. W. Pierce's matches would be seen in market, &c. &c. We are well aware that all such assertions will in due time recoil with bad effect upon the party who originated them, and what we wish is, that the public should be set right in the matter. We now have facilities for manufacturing matches as cheap, or cheaper than any other establishment in the West, and as to the quality, we will leave those who have used them for the last thirteen years to be the judges, and will only remark that our business has increased from less than $1000, in 1844, to more than $50,000, in 1856.

All orders for matches promptly filled.

WOULD respectfully invite the public attention. As I have been these last years mostly engaged in Tuning and Repairing Piano Fortes, I trust myself to undertake to restore the lost sound of the instrument—also repairing the same.

Orders may be left at Seaman & Wing's Cabinet Ware Rooms, 172 and 174, East Water Street, E. C. Arnold's Book Store, 184 East Water Street, or at my residence in Astor Street, fourth house north of Knapp Street.

VOLUME XIV. MILWAUKEE DAILY SENTINEL, WEDNESDAY MORNING, MARCH 4, 1857. NEW SERIES.

THE DAILY SENTINEL.

RUFUS KING & WM. H. WATSON,
PROPRIETORS.
Under the Name and Firm of Rufus King & Co.

MILWAUKEE:
Wednesday Morning, March 4.

For Chief Justice of the Supreme Court,
EDWARD V. WHITON.
ELECTION, TUESDAY, APRIL 7.

The Fourth of March.

To-day, JAMES BUCHANAN, President elect of the United States, takes the oath and enters upon the duties of his office. Thousands of people have flocked to Washington to be present at the ceremony. It is announced that Mr. BUCHANAN will so far depart from the custom observed of late years, as not to deliver his Inaugural in person. It will be furnished, for publication, to the Washington papers, and is said to be from one to two columns in length. The rising sun of Mr. BUCHANAN completely obscures the setting orb—never bright—of Mr. PIERCE. It is hardly possible that the new Administration should not be an improvement on that which it succeeds.

The M. & M. Railroad—Its Speedy Completion.

Notwithstanding the almost insuperable obstacles presented by the deep snows, severe cold, and inclement weather of the past winter, to the work of building railroads, very satisfactory progress has been made on the Western Division of the Milwaukee and Mississippi R. R.—The last bridge over the Wisconsin is completed, and the track laid across it. From that point to Prairie du Chien, a distance of 20 miles, the terminus on the Mississippi, the grading is all completed and as many hands as can work are employed in laying the track. All the iron, ties &c., necessary for the superstructure, are on hand and the Contractors are putting down about three-quarters of a mile of track per day. In short, there is no longer a doubt that our Pioneer Rail Road will be finished to the Mississippi, by the opening of navigation to St. Paul—say the 10th or 15th of April. The moment this grand thoroughfare is opened for business, it cannot fail to become the favorite route for freight and travel between Northern Iowa, Minnesota and Northwestern Wisconsin, and the Eastern States. At Prairie du Chien the road will connect with two daily lines of first class steamers for St. Paul, and besides the immense river traffic, it will have valuable feeders in the roads traversing Iowa. A communication on the subject, in to-day's paper, from Mr. WOODWARD, Engineer of the McGregor, St. Peters and Minnesota R. R., will give our readers some idea of the prize beyond the Mississippi which will reward the enterprize of our merchants and swell the business of the M. & M. R. R.

Mr. BRODHEAD, the energetic President of the road, left here yesterday for Prairie du Chien, intending to remain there, and direct all the necessary arrangements for opening the road for traffic and travel, within the next month.

WISCONSIN BANKS.—The Buffalo *Commercial Advertiser* of Friday last (27th ult.,) contains the following paragraph:

☞ Some of the city brokers this morning are buying Illinois and Wisconsin money at 90a95c. on the dollar, while others are giving only 75c. and others still wholly refuse them. We have no information yet as to what particular banks are embarrassed or failing.

So far as our Wisconsin Banks are concerned, this affected distrust of their bills, on the part of Buffalo brokers, is absurd. The tables from the Comptroller's Office, published in the *Sentinel of yesterday*, show that every dollar of Wisconsin money in circulation is abundantly secured.

FROM MADISON.

Editorial Correspondence of the Sentinel.

MADISON, March 2d, 1857.

The Senate was not in session till 3 P. M. to-day, and did not get through with much business in the afternoon session. The messages from the Assembly, including Senate bills which have been amended by the former, were read and acted on.

The Election Bill was among these, and has thus gone through both houses, and will speedily become a law.

The Colored Suffrage Bill was among them—but this is referred to below.

The Senate receded from its amendment to the Deaf and Dumb Asylum Bill—thus leaving the appropriation for the main building $15,000.

Some time ago, Mr. Cook got the Governor's message, enclosing the items of expenditure of the contingent fund, referred to a select committee, the majority being willing that he should amuse himself with it if he liked. Soon after he asked for a resolution giving the committee power to examine persons and papers—and this was granted.

Well, he has been steadily at work—taking especial care never to go near the executive to ask for vouchers or explanations—and has probably concocted his document in company with some smart men about here—and to-day presented a Report, printed in slips ready to be published in the *Argus*, making a grand onslaught on the Governor, for his squandering of the Contingent Fund. All of this will go for just what it is worth. The Senator doubtless remembered how Mr. Taylor, his Republican predecessor, exposed Gov. Barstow's abuse of his trust in this respect, and thought it a good opportunity to make a political point. The difference in the two cases—the former Executive having vindicated a high reputation for dishonesty in his administration, while the present one has well-founded claims to honesty and just dealing—seems never to have struck the Senator.

The Senate had a lively time for an hour or more on the bill relative to bribery in railroad legislation, in the course of which Messrs. Chase and Harvey spoke in favor of the investigation, and Messrs. Barnes and O'Neill against. The latter charged that there was a corrupt combination here to levy black mail, if possible, on the R. R. Companies. The bill was *indefinitely postponed*. So that ends the matter in both houses.

In Assembly, in the morning session, Mr. Mills got in, and read, to the great amusement of the members and the lobby, his report on the Colored Suffrage Bill, in which he—representing it as a majority report of the Judiciary Committee—advocates the opening of the exercise of suffrage to women. This is a "particular vanity" of Joe's, and his report *was* funny, very. The fact was that Messrs. Mills and Noggle signed the report absolutely—Mr. Coxe signed it only so far as to say that he preferred the amendment to the bill as it came from the Senate, while Mr. Lovell opposed the proposition, and Mr. Strong openly indicated he should go for it in order to get a political advantage by making the bill odious.

There were a few Republicans who stood by Mr. Mills propositions—enough of them, however, (17) with *the* democrats, who wished to kill the whole thing, *to make* a majority (41) to pass the bill in that form.

In the afternoon, the question was taken in the Senate on concurring in the amendment, and after various votes, and turns, and calls, &c., the Senate refused to *concur*, by 11 to 15—the ayes all democrats but Mr. Joiner—the Noes, all Republicans but Mr. Rose.

A long Message from the Senate was read and the bills acted on by way of concurring in amendments, or reference.

In the afternoon, in Assembly, an hour was profitably spent in committee of the whole, and a number of important bills passed. After rising. Among them I notice the following, more fully than you have them in the telegraph report:

Authorizing the state loan. (This bill I have have explained.)

For the collection of statistics. [This provides that the assessors shall hereafter collect statistics of agriculture and manufactures in their annual rounds.]

Providing for the consolidation of railroads.—[This is a general law—being the Illinois law literally copied, providing that any companies whose lines unite, may consolidate, by the consent of a majority of the stockholders of each.]

Relative to limited partnerships. (A general law on this subject, prepared by the Judiciary Committee in answer to a petition from our city.)

Extending the time for paying school monies. [This extends the time for paying school fund interest to April 1st. It will probably pass the Senate.]

Appropriating $10,000 for a contingent fund. [This is the same amount as was appropriated to Governors Farwell and Barstow in their second years.]

The Geological Commission Bill. [This was passed as it came from the Senate. It appoints Professors Hall, Carr and Daniels, as a Commission, to divide the work between them. They will each be employed only a part of the year, and are to receive pay only for the time employed.]

The bill—or amendment to the bill—restoring the right of appeals from street juries in Milwaukee, was considered in committee of the whole, and ably supported by Mr. Lovell, and is among a batch of bills yet to be acted on.

Mr. Moses M. Strong put in a claim of J. E. Arnold for $2,000 for services *to the State* (?) as counsel for Ex-Gov. Barstow. Of course he is only anxious for its rejection, so that he may bring suit against the State. Doubtless that reasonable expectation will be answered.

There was some discussion on the bill to pay Messrs. Abbott, Sleeper and Doolittle, the counsel for the State in the Proudfit case, $750 each for their services. Mr. Noggle moved to increase it to $1000 each. Our legal friends have a modest way of doing things, and a modest idea of their own services. Said Mr. Noggle—"these gentlemen were up here, and devoted their whole time for three or four weeks to this case"!—Think of that, Master Brook! and turn lawyer forthwith. To be sure, the result in this case was a decision against the State, but there is reason in all things. The $1000 amendment did not carry.

The House adjourned over till morning. I fear that they will hang on till Monday next.

North and South—A Slight Contrast.

EDENTON, N. C., Saturday, Dec. 14, '56.

WM. H. SEWARD, Esq.—Sir:—The object of this letter is to inform you that a black man, or negro, calling himself Anthony Adams, hailing from Port Jarvis, New York, has been in jail here since the 20th of June, at an expense of thirty cents a day, and will be sold if his identity cannot be established by some respectable white person. His friends have been informed of his whereabouts, and that he certainly will be sold for his jail fees, if some one who knows him does not come on and release him. He appears to be a quiet man.

His offence is that he came to *reside* in the State. Our laws will not allow Northern free negroes to settle among us.

It is a burning shame that the citizens of Port Jervis should allow a citizen to remain in jail, simply because they are too penurious to come on and recognize him, and a damnable shame that the great State of New York, after shrieking for negro freedom—voting for Fremont and free negroes—should abandon one of her citizens.—You being at the head of your young Republican party—a man of sense and cunning—is the reason why I address you. If you *will* not help your friend, you must call on your friend Horace Greely. Had it not been for Col. R. T. Paine, who is in the House of Representatives, the negro would have been sold long since. Call on Col. Paine for information.

Yours, &c.,
FRED L. ROBERTS.

To this letter Mr. Seward replies as follows:

WASHINGTON, Wed., Dec. 17, 1856.

DEAR SIR:—Your letter of the 14th instant, informing me "That a black man, calling himself Anthony Adams, hailing from Port Jervis, New York, has been in jail since the 20th of June last, at expense of thirty cents per day, and will be sold if his identity cannot be established by some respectable white person—that his friends have been informed of his whereabouts, and that he certainly will be sold for his jail fees, if some one who knows him does not come on and release him," has just been received.

The subject is entirely new to me, and I thank you very sincerely, for the information.

I have at once written to a discreet person at Port Jervis, requesting that an agent, qualified by the necessary personal acquaintance with the person, may go to the place and effect the release.

Meantime, I beg you to do me the favor to obtain a statement of the jail fees and other expenses required for his liberation, and to draw on me, at sight, at this place, for the amount, and I will pay the same on sight of your draft, so that the danger which may result from delay at Port Jervis may be avoided. I am, very respectfully, your obedient servant.

WILLIAM H. SEWARD.
FREDERICK L. ROBERTS, Esq., Edenton, N. C.

We submit without comment, the above contrast between the chivalry of slavery and the chivalry of Christian civilization, and ask which has the most to commend it to our age and country?

Major Wm. H. Chase, of Florida.

SWEARING.—The editor of this paper has received from Gov. Bashford the appointment of Notary Public, and is now prepared to swear the whole town at short notice, and with due solemnity.—*Oshkosh Courier.*

The Governor has a nice sense of the fitness of things in thus selecting our democratic cotemporary to do the wholesale swearing for Oshkosh. We understand that our brother HUNTSMAN, of the *News*, has been similarly commissioned for Milwaukee.

MORE OF THE BURDELL CASE.—A new rumor pervades New York, that a man with a woman bearing a bundle were seen to leave the bloody house, No. 31 Bond street, at 11 o'clock on the night of the murder—that they were tracked—and were seen to throw the bundle into the East River. Who the pair were, all may guess.

It is also stated that a brother of Eckel, living in New Jersey, has gone crazy over his implication with the terrible crime, and his indictment by the Grand Jury.

CITY OF APPLETON.—We now live in a City! Nine years ago, *Appleton* had no existence; neither houses, people or name. This beautiful locality was covered by a dense forest; no roads, no bridges, no hotels, no stores, no mills, no university, no churches, no school houses, no shops, no offices—all woods, undisturbed save by the howl of the wild beast, the shout of the Indian hunter, or the roar of the cataract.

To-day, we present the spectacle of a thriving city. Population, capital and industry have wrought a wondrous change in the few years past and gone. And yet, with such marked signs of growth and prosperity greeting us on every hand, we do not exaggerate when we assert that the future of Appleton is more promising than that of any interior city or town in the State.—*Appleton Crescent, Feb. 28.*

WISCONSIN VISITOR TO WEST POINT.—We are glad to learn that Prof. Read, of the State University, has been appointed by the Secretary of War, a member of the board of Visitors for this year, to the U. S. Military Academy at West Point.

This is a suitable compliment, and is well bestowed.—*Madison Argus.*

☞ The Democratic party is certainly unequalled in meanness. It says the American party is dead, and seeks to become its executor, so that it may appropriate its principles. This is a clear case of obtaining goods under false pretences.—*Louisville Journal.*

For the Milwaukee Daily Sentinel.

Northern Iowa and Minnesota—Their Relations to Milwaukee.

MESSRS. EDITORS:—To appreciate exactly the true position of Milwaukee, and to prophecy for her a future more brilliant than her most sanguine friends now hope for, it is necessary that her advantages should be studied from points so truly tributary to her as Northern Iowa and Minnesota. As but little attention has ever been directed this way, and as this section is so little known, I will endeavor to convey a truthful impression of this rich and beautiful country.

The position of Northern Iowa and Minnesota, in estimating the resources of Milwaukee, has never been fairly understood, in fact scarcely ever taken into consideration; from the Mississippi westward not an acre of unavailable land is met with, nothing but what is susceptible of the highest state of cultivation. No marshes, nor low unhealthy grounds; but an average level of 600 feet above the Mississippi, with rapid, running streams and clear beautiful water.—Prairie and timber follow each other in succession, and there is no soil or country that offer so many inducements in beauty and fertility to the enterprising emigrant.

Rapidly, yet silently this country has been filling up with a sterling and energetic class of inhabitants, and the time has now come when they demand a Railroad communication with the East.

The building of the McGregor, St. Peters' and Missouri River Rail Road, a continuation of the Milwaukee and Mississippi Rail Road through Northern Iowa and a branch to Mankato on the St. Peter's River, are the enterprises they propose to take hold of and carry out; enterprises of paramount importance to Milwaukee, for by them she will secure the enormous trade and traffic which this section of country will afford and which already is exciting the attention of Dubuque and Galena, who have projected routes to cut off this trade from its legitimate market.

On reference to the map of Iowa, we find that McGregor, opposite Prairie du Chien is situated twenty-six miles on a line of longitude west of Dubuque, and thirty-six miles north, and therefore occupies decidedly the finest position with respect to the country north and west of it.—Dubuque is 188 miles from Lake Michigan at Chicago, and McGregor 190 miles from the Lake at Milwaukee, and as the terminus of the M. & M. R. R. is twenty-six miles west of the terminus of the Chicago and Galena Road, we draw the conclusion that all that country lying on the line of equal distances from Dubuque and McGregor is twenty-four miles nearer Lake Michigan, and that the country North of that line fairly and honorably belongs to Milwaukee. Of course the light grades and superior facilities for doing business at Milwaukee and Prairie du Chein gives the Mil. & Miss. R. R. an advantage equally as great as the actual number of miles saved. On the opening of the Detroit and Milwaukee R. R., a direct communication is then had with the East and its superiority in distance over any other route is so apparent that it is unnecessary to draw any comparison.

The following statement of Up River Business for 1856 is from the North Iowa *Times*. "Arrivals at St. Paul 837, being an increase of 267 over the year 1855, freight delivery above Dubuque not less than 150,000 tons and passengers estimated at 150,000. Estimating the tonnage at an average of $15, and calling the average passenger fare $7, we have a total of 3½ millions of dollars paid to the steamboat interests, by a country that has been a few years only known to the inhabitants of the Atlantic States.

The annual increase of up river business, for the past five years, has been 50 per cent per annum. Taking this as the increase for 1857 and considering that the largest portion of this business comes from the East, and that it will henceforward take the shortest and cheapest route, by the M. & M. R. R., may we not presume to say, that the opening business of that road will be of the most unprecedented and unexpected character.

I have given in a previous article a statement of the practicability of a Railroad west from McGregor, and although the river business seems to be large and important it must not be estimated too highly when brought in comparison with this rail road route. The summit level is attained fifteen miles west of the river at a maximum grade of less than 50 feet per mile; from thence westward the grades are light and the country of the most favorable character for the construction of a railroad, the cost of which will not exceed under any circumstances that of the Mil. & Miss. R. R.

The Milwaukee & Mississippi R. R. was in running operation (Spring of '52), before the country along the line of that road was as well settled as this now is. The population of the different villages through which the first surveyed line passes, and the distance between is as follows: McGregor, the starting point, 650 Menona 15 miles 300; Postville 10 miles, 100; Clermont 10 miles, 300; West Union, County Seat of Fayette Co, 9 miles, 1200; Fredericksburg 20 miles, 100; Bradford, County Seat of Chickasaw County, 18 miles, 850; St. Charles, County Seat of Floyd county, 15 miles, 800; Rockford 15 miles, 100; Mason City, County Seat of Cerro Gordo county, 10 miles, 300; Clear Lake City 12 miles, 100.

To the merchants of Milwaukee can be recommended, as an advertising medium, the North Iowa Times; a spicy sheet published weekly at McGregor which has a wide circulation; as interior papers the St. Charles Republican Intelligencer, and Fayette Free Press of West Union, are among the leading prints.

The commerce of the rich and fertile vallies of the Turkey, Cedar, DesMoines and St. Peter Rivers and their tributaries is worth gaining—Let Milwaukee *now* make a strong effort to secure it. Let her be the foremost in the enterprizes that are destined to develop their vast resources. Let her be the gateway of Northern Iowa and Minesota to the East. Let her secure these benefits, and who can say that any of the cities of the West occupies a prouder position, or merits a nobler destiny, than Milwaukee.

Yours truly,
GEO. E. WOODWARD,
Civil Engineer McG., St. P. & M. R. R.

Attempt to Destroy a Passenger Train on the Western Railroad.

The Worcester Spy of Thursday morning says, that on Monday night, at about a quarter past eleven o'clock, as the down express train from New York, on the Western Railroad, was passing the high embankment about one and a half mile, this side of the Charlton station, and ten miles from that city, the engine encountered some obstruction, but, after a temporary check, passed on. On examination, in the morning, it was found that a heavy iron rail had been laid directly across the track, and the engine struck it with such force as to double the rail like a hoop, and finally threw it from the track, about one hundred feet from where it first struck, without doing any farther damage. The embankment at that place is about ninety feet high, and if the train had been thrown from the track, terrible destruction must have ensued.

Tuesday morning, suspicion fell upon John H. Hardy and Warren Williams, who were at Clappville, having been put off the train the day before, at Charlton, for not paying their fare, and they were detained till officers were procured from this city, to arrest them. They were examined before the Police Court, Wednesday, and the evidence was so conclusive against them that they were held for trial, and committed in default of $2000 bail each. The penalty of the offence is imprisonment in the State Prison, not exceeding twenty years. They are each nineteen years of age. They enlisted in the United States army, near Buffalo, about a month since, were transferred to Governor's Island in New York harbor, whence they deserted, wearing their uniform, and were on their way to Boston. Hardy belongs to Groveland, Essex Co., Mass., and Williams to Constable, Franklin Co., N. Y.

VAIN GLORY.—Among the peace illuminations, one of the most popular devices was a combination of the initials of the Queen, Prince Albert, Louis Napoleon, and the Empress Eugenie. The result of this arrangement was a display of the letters V A N E, which suggested to the philosophic mind a connection between popularity and the weather-cock—[Punch.

True Wealth.

A nation's wealth does not consist in lands,
Though they are fertile as the banks of Nile;
Not if each streamlet flows o'er golden sands,
And golden harvests on each acre smile;
Nor in the number of its sons who roam
O'er its domain, and proudly call it home.
Nor yet in war's appliances alone,
In loud mouthed ordinance, or ships
Bristling with armament, and making trips
For barren conquests, forth from zone to zone.
Nor yet in arts, or lore, or endowed college,
Or churches proud, with spires that pierce the skies,
Or village schools—incipient seats of knowledge—
Or roads o'er which the iron courser flies.
Not these, though in just harmony combined
With that deep skill vouchsafed to human kind,
Compose the wealth of nation or of state,
Exalt its rank and make it truly great.

But there's a treasure which nor bolt, or bar,
Or lock protects with cunning wards and springs,
Which is not ravished by the brand of war,
Nor rusts amid the ease which dull peace brings.
The robber may not count it as his spoil—
The alchemist for it shall useless toil—
Nor is it found in waste of midnight oil.
It is not bartered for in foreign mart,
Nor digged from earth in caverns dark and deep;
No crews devoted from their homes depart,
To grope in Arctic frosts or unknown seas,
Grapple the poles, or cling on Andes' steep,
Or earth encircle this rare prize to seize.
Oh! it is free as light at height of noon,
And *Public Virtue* is the priceless boon!

Lands may grow sterile, harvests fail,
Gold spread its wings and fly away,
The lone hills echo to the widow's wail
For husbands, sons, to fell disease a prey;
The wrath of ocean on whole navies fall
And whelm huge ships, their helpless crews and all.
Consuming fires may towns and cities burn,
Where falling spires to humble cottage nod,
The stranger from the fated shores may turn,
All desolated by the chastening rod.
Yet if amid the gloom that darkly reigns
The nation's faith untarnished still remains,
And *Public Virtue*, like the Aztec fire,
Gleams ever brightly in the nation's shrine,
To highest honors may its sons aspire,
And all unrivalled its chaste daughters shine—
For *wealth of truth* is greater than the mine.

Destructive Fire in South Water Street—Loss $350,000.—Five Stores Destroyed.—Brewery Burned.—Dwelling Crushed.

Yesterday morning, about four o'clock, one of the most destructive fires which have visited our city, broke out in the new five story brick block on South Water street, coroner of State. The accounts as to the origin of the fire are contradictory, but it is supposed that it first broke out in Hale's chair factory in the upper floors of the store No. 43, the lower portion of which was occupied by Messrs. Dix & Harris as a wholesale Grocery store. In spite of the exertions of the firemen the flames rapidly spread and communicated with the adjoining store on the west, occupied by Messrs. Tuttle, Hibbard & Co., as a wholesale Hardware establishment, and the Stove Warehouse of Messrs. Jewett, Root & Co. These buildings were entirely destroyed.

A short time after the fire broke out, the east wall of Messrs. Dix & Harris' store fell upon the adjoining dwelling, owned and occupied by Mrs. James Carney, completely crushing it, the family barely escaping with their lives. The building east of Mrs. Carney's was also considerably damaged, it was occupied by James O'Neill and Messrs. Ostheim & Co., wholesale liquor dealers. A son of Mr. Joseph Ryan was buried in the ruins of Mrs. Carney's dwelling and was only rescued after an hour's exertion by the large crowd assembled. The young man miraculously escaped with only slight injuries.

So intense was the heat, that Mr. O'Neil's stone brewery, in the rear of his store, took fire and was greatly damaged, a considerable quantity of stock being destroyed. The American House, on the south side of the alley, also caught fire, but the flames were speedily extinguished. The Candle Factory on the alley, occupied by Mr. Johnson, was consumed. The rear of the new iron-front stores, on Lake street, were greatly endangered, and were on fire once or twice, but after great exertions were finally saved without material damage. Messrs. A. T. Spencer & Co.s warehouse, on the north side of Water St., was in immenent danger for a considerable time, but escaped with a severe scorching. The store No. 49, occupied as a wholesale grocery, by Messrs. Norton & Co., was several times on fire and considerably damaged by water. A large portion of their stock was removed, and all of it more or less injured.

So far as we could learn from the parties themselves, the following is the amount of damage and insurance:

Dix & Harris, loss $25,000; insured for $15,000.
Tuttle, Hibbard & Co., loss $150,000; insured for $122,000.
Hale & Co, loss about $3,000; no insurance.
Jewett & Root, loss about $50,000; insured for $25,000.
M. H. Norton & Co., loss $15,000; fully insured.
Mrs. Carney, loss $10,000; insured for $3,000.
John O'Neil, loss $30,000; no insurance.
D. McIlroy, loss $500; no insurance.
Messrs. Ostheim & Sons, loss about $500.
Mr. Doyle, barn burned, loss $500; no insurance.
Mr. Johnson, loss about $3,000; covered by insurance.

The five-story brick buildings were owned by John P. Atwater of Cincinnati, and C. Bears of this city, and were worth about $75,000. They were partially insured, but we could not learn the amount.—*Chicago Tribune*, of yesterday.

The Chicago *Democrat* gives the following list of Insurances;

The insurance on the property destroyed is said to amount to $250,000. The losses of the different companies, as far as we could obtain them, is as follows:

Roger Williams Insurance Company, Providence, Rhode Island, American do, Merchants do, $14,000.
Metropolitan Ins. Co., of New York, $4,500.

TROUBLE WITH THE JANESVILLE WATER POWER.—About day-break this morning the water in Rock River commenced rising very suddenly, and soon began to overflow the banks between the race of this power and the river. For a time, the Excelsior Mills were considered in imminent danger, and so was the saw mill on the east side of the river. By dint of severe labor on the part of a large number of men on both sides of the river, considerable space was cut away immediately contiguous to the mills, thus giving more room for the water to flow over the dam; the beneficial effect was soon felt, and the overflowing of the race ceased. This sudden letting loose however of so heavy a body of water, caused the river below the dam to rise to a greater height than it has been before this season. The basement story of Woolliscroft's Saloon is filled with water to the depth of about six inches.—What damage has been sustained, we have not learned; but we trust all danger is over.

The large quantity of anchor-ice which accumulated last evening and lodged on the dam, is the probable cause of all the difficulty.—*Janesville Standard, March 2d.*

THE INAUGURATION.—The pressure of strangers here is already immense—much larger than ever before, so long previous to the advent of the inauguration day, even when the inducements for office-seekers to flock to Washington was much greater than at present. If they continue to come upon us till the fourth after this fashion there will be perhapps 100,000 strangers here by that time. The [hotels fashionable ones] are all full to overflowing, after double bedding their rooms and each billeting out a large nember of guests. Nevertheless the billiting process continues. Indeed, as full as the hotels are, it is much more pleasant to be quartered in private rooms without their portals. The scene in the parlors at Willards, yesterday afternoon was as brillant as in a ball room, so great was the throng of stranger ladies in brilliant array. So also was the scene at the Kirkwoods, in both of which we had occasion to enter.—*Washington Star.*

A NEW [illegible] POST OFFICE.—Has been established at Menekaune, at the mouth of the Menominee River, in Oconto County, and our good [illegible] good natured, honest friend, WM. H. MORGAN, appointed P. M.—*Green Bay Advocate.*

The Crowds of Visitors at Wheatland—Illness of the President Elect, etc.

LANCASTER, Feb. 25, 1857.

Mr. Buchanan had a return, yesterday, of the complaint contracted on his recent visit to Washington. The exertions consequent upon receiving upward of two hundred visitors on Monday and Tuesday, brought on the relapse. To-day all the visitors were excluded except his intimate friends. Colonel Ramsey, of your city, who has just returned to Wheatland again from Washington, spent two hours with Mr. Buchanan. All visitors, without exception, will be henceforth excluded until his departure on Monday. It is believed that repose will fully restored him to his usual robust health in a few days. He will take rooms at the National Hotel.—*New York Herald.*

GERMAN CONSTANCY—A ROMANCE.—On Monday last, on the arrival of the morning train from the East, two German girls stepped out of the cars and were recognized by two young men who were standing on the platform, when they were clasped in each other's arms. Their emigration to his country forms an interesting story. The two young men were natives of Wurtemburg, Germany, and when in their native place "fell in love" with the daughters of a wealthy citizen, and their love was reciprocated on the part of the daughters. But the attentions of the youths, who were poor, provoked the ire of the parents of the maidens. They would not be disgraced by the marriage of their daughters to the two "poor young men of Wurtemburg." Finding that the "old folks" could not be reconciled, they hit upon the following plan, forming a sacred agreement: The two young men would leave Wurtemburg and come to the United States, and earn money—when, having earned enough, they would send for the objects of their affection, they declaring constancy until death. They parted. The young men came to America, and by the persuasion of friends who had preceded them to this country, they settled down to hard labor in Amberson's Valley, some miles from Shippensburg. After working about a year, they accumulated the means necessary to convey the idols of their hearts from Germany to America, and immediately dispatched it to them—spending many sleepless nights in anxiety for their arrival. On Monday last their cup of joy was filled, for their loved ones reached them in safety and in health. They left home unknown to their parents, and came alone four thousand miles, without meeting an acquaintance till they embraced their lovers at the depot in Shippensburg.—*Shippensburg News.*

BANYER AND JAY SALE.—The sale of the estate of Mrs. Banyer and Miss Ann Jay, daughters of the late Chief Justice John Jay, took place yesterday, by Ludlow & Co., at the Merchants' Exchange. The location of the property, the liberal terms of sale, together with the certainty as to title, united in securing an attendance and bidding quite unusual. The total amount of the sale realized $454,800. The estates yet own about 70 feet by 140 on the north east corner of Broadway and Canal street, the worth of which at this time is estimated at about $250,000. It will not, however, we are informed, be sold at any price. Some estimate may be made by those at a distance, of the growth of New York, when we tell them that most of this property sold yesterday, and the last above referred to, is a part of fifteen acres, purchased by Governor Jay, at $500 per acre, about the year 1801. One very remarkable fact about this estate is, that there never was a mortgage on any part of it. The sale of yesterday seemed satisfactory to both sellers and purchasors. The particulars of the sale will be found in our report of the auction sales of yesterday, on our first page.—*N. Y. Courier & Enquirer, Feb. 26.*

GAME.—This winter has proved favorable to the hunters, judging from the amount of skins and "wild" meat that has been in market. In the Trimbelle and Rush River country we hear of over two hundred deer and several elk being killed by three men during the season. The elk is a noble looking animal, as large as an ox, comparatively plenty and makes, we think, the best eating of the whole trifle of wild cattle.—*Prescott Transcrip.*

Chicago Market.

CHICAGO, March 3.

The weather is cold again; and the river in many places is frozen over. There is but little business doing this morning, and the enquiry for Wheat is not very large, and remains firm at 90a91c. For spring delivery $1 is generally asked. There is very little doing in flour, and the previous firmness is hardly maintained. There is some enquiry for rye, and 80c was offered to be delivered any time this week. All other kinds of grain remain unchanged.

Provisions remain unchanged and firm. Live hogs are active, and retailers are doing a fair business in dressed at $5 21a5 50.

FLOUR—Spring wheat extra $5. Winter wheat $5 50a6 75. City 6 75. Rye flour 4a4 25. Buckwheat 1 75a2 00.

WHEAT—Steady. Spring 90a91c to store. Red 1 05a1 08. White 1 10a1,15.

BARLEY—Is very firm at $1 30a1 50.—*Democrat.*

THE NEW CENT.—The Director of the United State Mint at Philadelphia, Mr. JAMES ROSS SNOWDEN, writing to the Hon. JAMES GUTHRIE, Secretary of the Treasury, under date of Feb. 20, gives the following description of the new cent:—"The obverse is a flying eagle with the legend 'United States of America,' and the date of the piece.—The reverse is simply a wreath, composed of the staple productions of the country, encircling the denomination. The propriety, simplicity and symmetry of this arrangement I think is apparent by an inspection of the coin.—The wreath is similar in design to the three dollar gold coin, but the greater thickness of the cent enables it to be brought out in higher and more perfect relief, and it fills more completely the face of the coin. The devices and general appearance of this cent—its thickness and the smooth edge, renders it so dissimilar as to prevent its being mistaken for any of the other denominations. The last named characteristics will enable persons of defective vision, or where there is an absence of light, to ascertain the denomination. The weight of the piece is 27 grains or three pennyweights, equal to three-twentieths of an ounce Troy; the diameter is fifteen-twentieths or three-fourths of an inch, and the thickness of the planchet so is sixty-five thousandths of an inch. It will be seen that the relative proportions are most obviously varied from other coins—retaining very nearly the thickness of the old copper cent, its diameter is but the one-twentieth of an inch greater than the dime. This peculiarity of proportion is also relied upon as an important safe-guard against mistaking it for any of the other coins issued from the Mint."

WISCONSIN RAIL ROAD STOCKS.—On Thursday, 26th ult. there were sales at the New York Stock Exchange, of 155 shares Milwaukee & Mississippi R. R. at 67 a 69, and 455 shares La Crosse & Milwaukee R. R. at 73¾ a 76½. The *Tribune* in its money article says:

The Western shares were active at an advance in the morning, but closed heavy. La Crosse advanced rapidly to 76, an improvement of 3 per cent, but at the close was sold at 75. Milwaukee and Mississippi also improved and sold at the Second Board as high as 69.

MARINE INTELLIGENCE.

RIVER NAVIGATION.—The steam tug Mohawk Chief left Port Huron for Detroit on Thursday morning, but on reaching the mouth of the River St Clair, she found ice so heavy that she could not force her way through it, and was obliged to return to Algonac. Her passengers came from thence by land, reaching that city on Friday.

The steamer Windsor took a small load for Port Huron Friday morning, and started for that port. She went about twenty-five miles into Lake St. Clair, and there found a sheet of ice stretching entirely across the lake, and evidently covering the flats and extending to the mouth of the river. The ice was quite thick and firm, and the boat was compelled to return.

SIXTY THOUSAND BUSHELS OF GRAIN.—The tow-boat St. Croix, came in from Lasalle, Illinois river, last evening, with eight canal boats in tow, which contained in the aggregate 61,493 bushels of corn and oats, 45,313 of which was in bulk, and 8,061 sacks. Besides this grain, the boat brought 300 barrels whiskey, and 6,486 pieces bulk meat. The above, however, was not the entire cargo of the St. Croix, for in addition she left six canal boat at the mouth of the Illinois, which will be towed down to-day. The six boats left behind, contain about fifty thousand bushels more. This beats all the large cargoes ever brought to this port.—*St. Louis*

Miscellaneous.

THE ONLY MEDAL AWARDED
BY THE NEW YORK EXHIBITION to the English or Foreign Sauce Manufacturers has been obtained, amongst numerous competitors, by LEA & PERRINS, for their
Worcestershire Sauce,
Whereby further testimony is afforded of its being the best Sauce extant.

The celebrity of this Sauce has extended to every quarter of the globe, and its efficacy in promoting the general health is becoming daily more observed and acknowledged.

In the United States it is held to be the most agreeable condiment, and is esteemed for its tonic and invigorating properties, its habitual use enabling the stomach to digest the food.

On the Continent of Europe, these qualities have been testified to by a gentleman who writes to LEA & PERRINS thus:—"I have carried a bottle of your Worcestershire Sauce in a tour I have just completed through Spain and Portugal, and believe I owe my present state of health to its use; your Sauce is stomachic, and I think medicinal. I can with truth say there is nothing in a traveller's baggage so essential to his comfort, at least in these countries, as your Sauce."

In India, also, where it is found at the mess of every regiment, a medical gentleman writes from Madras to his brother in the same profession at Worcester, in the following terms:—"Tell Lea & Perrins that their sauce is highly approved in India, and that it is in my opinion the most palatable as well as the most wholesome sauce made."

This Sauce is suitable for every variety of dish, and the universal demand which its excellence has created, has led to many imitations being offered to the public, under a variety of names, but the genuine may be known by the names of "LEA & PERRINS" being impressed upon the patent metallic capsules, or patent glass stopper of the bottle, as well as the labels and wrapper.

POLICE COURT, MARCH 3.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

Hugh McCullough, disobeying officer at Depot, fined $3 00.

Charles McBride, disorderly, fined $5.

Martin Feley, drunk and disorderly, fined $5.

John Hays, drunk, fined $1.

BURGLARY AND LARCENY IN A VESSEL.—A man named John Welch was brought down from jail and examined on a charge of breaking into and stealing from the Schooner *Norway* a quantity of wearing apparel. The defendant was committed for trial, and in default of $1,000 bail was sent back to jail to await the action of the Grand Jury in April. The present Grand Jury would not entertain the complaint.

CIRCUIT COURT, MAR. 3.

HON. A. W. RANDALL PRESIDING.

Several motions in civil cases were disposed of, *under the code*. The Grand Jury were still in session, and were entertaining other complaints than the business for which they were re-summoned.

On Monday afternoon the Police Justice, not wishing to hold an examination while the Grand Jury were in session, sent an officer up to the Court, and the answer brought back was that the Grand Jury would not hear any complaints, than the special business for which they were re-summoned; this was our authority for so stating in yesterday's *Sentinel*.

STANDARD FOR BAIL.—While the Common Council are making arrangements for a standard for time, the Legislature might profitably employ a small portion of their remaining time in fixing a standard for bail in criminal cases. This idea, which of course will not be acted upon, is suggested by two cases of recent date.—John C. Albrecht breaks in the skull of his own child, a small boy, and the boy dies. The Grand Jury indicted him for the act, designating it manslaughter, and Albrecht is admitted to bail in the sum of $1,000, and is discharged. John Welch breaks in the cabin door of the schooner *Norway* and steals some clothing, and the bail is fixed in his case at $1,000, and Welch goes to Jail, unable to give bail. According to this theory of bail, the little boy's skull and the schooner's cabin door are on a par, of equal value; the one breaking is followed by death, the other by larceny; life and property are thus equally balanced in the law, so far as bail goes. Is this a true standard?

FARMERS' & MILLERS' BANK—REMOVAL.—The Farmers' and Millers' Bank removed yesterday from their old quarters on East Water Street, opposite the *Sentinel* Office, to their new building on Wisconsin Street, two doors from Van Cott's corner. Their new Banking Office is a very handsome, light, roomy and well arranged one. The vault in which their valuables are kept is capacious and proof alike against fire and burglars. The door to this vault is a model piece of mechanism. It was manufactured by BENJAMIN & BACHO, and is most creditable to their skill. The Farmers' and Millers' Bank is doing a large and prosperous business and deservedly enjoys the confidence of the community.

CATCHING A HORSE THIEF—QUICK WORK.—A man named Adolph Hermann stole a horse from a Livery Stable in this city, on the 11th day of last month, February, belonging to a man named Joseph Schweitzer; on the 19th February the man was indicted by the Grand Jury and on the 27th the man was arrested at Manitowoc by Deputy Sheriff Hillmantel, of this city, who followed him for three days through the woods in Sheboygan County.—In the meantime Hermann had stolen another horse at Sheboygan and sold it; the Sheriff of Sheboygan was after him for that offense, but he had been previously arrested by Hillmantel. He was brought into the Circuit Court yesterday to be arraigned on the indictment.

ANOTHER NEW FIRM ON THE RIVER.—We had the pleasure of a call yesterday from Mr. STARKWEATHER, of the firm of TIBBITS & STARKWEATHER, late of Cleveland, who are about establishing themselves in the Forwarding and Commission business in this city. They have leased for 5 years, lots 9 and 10, block 165 on the river, and have already let the contract for a warehouse which is to be built immediately. We are glad to welcome them to Milwaukee.

BOARD OF TRADE.—A meeting of the Board of Trade is called for this evening at their new rooms in Newhall's building, before which business of importance will be brought relative to taking into consideration the attempt on the part of Buffalo, to equalize the rates of toll from Oswego and Buffalo, to New York.

THE PLANET—CAPT. BUTLIN.—The travelling and business public will be glad to learn that their old favorite, Capt. BUTLIN, is to command the steamer *Planet* during the coming season of navigation. Capt. BUTLIN is an excellent officer, and has hosts of friends in all our Lake ports.

NEW PUBLICATIONS.—We are indebted to E. C. ARNOLD, for a copy of "the Wigwam and the Cabin," a new and revised edition, from the press of Redfield, N. Y., of a popular work by W. GILMORE SIMMS.

Mr. ARCHIBALD WILSON also sends us a copy of this work and of "the handbook of consumption by W. W. HALL."

City Land Office, Mich. St., Albany Buildings.

I WOULD INFORM MY FRIENDS and the Public generally that I have made arrangements for conducting the business of the City Land Office in a manner which must give satisfaction to all its patrons.—I have associated myself with Samuel M. Ogden, Esq., who will give his whole attention to the business, and may be found at the Office throughout the day, while I shall devote myself as heretofore to disposing of all property that may be left with us for sale, and will be prepared with my two ponies and carriage to drive around and show the Lots to those desiring to purchase. I will also attend to the sale of property in any part of the State by auction or otherwise. The business of the City Auction Room is entirely distinct from that of the City Land Office, and will be conducted under my own name, while that of the latter will be under the firm of Caleb Wall & Co. CALEB WALL.

HOUSE.—Passed the bill authorizing the Sec'y of War to contract for the removal of obstructions in the Mississippi river, from Balize to Des Moines rapids, at the rate of $200,000 per annum for five years.

A number of Senate bills passed, including one for the establishment of additional Land Offices in Wisconsin.

Campbell, of Ohio, from committee of conference on disagreeing votes on tariff bill, made a report. He said this question ought to be withdrawn from the party politics of the country, and however objectionable the report might be, it should be borne in mind it had been unanimously agreed to by the members composing the committee of conference. He was authorized to say that not one of them was entirely satisfied with it, but concessions were made, as necessarily they must be under such circumstances in order to carry any measure. In the first place, the hundred per cent schedule and so much of the old forty per cent schedule as is not reduced down to the low schedules or free list, are reduced to thirty per cent. The forty per cent schedule, including all articles not produced in this country and which enter into general consumption, are either upon free list or on 40 per cent schedule. Many articles are brought down from 130 per cent schedule to lower schedule.—The same is the case with the intermediate schedules between C. & J.

The House Committee yielded to the amendment of the Senate, which proposed the reduction of the higher schedules to thirty per cent., and in the compromise, the latter have procured substantially their free list.

The report of the Committee of Conference was agreed to, 124 against 71. Much confusion prevailed throughout these proceedings.

The Senate bill granting land to Minesota for Railroads was taken up, as amended, giving land to Alabama for similar purposes, and passed

It will not be possible to receive it in season for publication in the evening editions of Wednesday, more than a brief abstract of the Address. We shall hope to receive the full document over the wires in season for the edition of Thursday morning. We understand the Address will make between one and two columns of the Washington *Union*.

SALOM'S MERCANTILE COLLEGE!

A Perpetual Ticket for $25!

GENTLEMEN desirous of acquiring a thorough Mercantile Education, are assured that the advantages presented at this institution are unsurpassed.

The Principal takes this opportunity to acknowledge the courtesy of several of the most distinguished Shipping and Jobbing Houses in the East, who recently allowed him to examine their books, besides explaining many original plans for economizing labor, which, adopted as in some instances after the experience of half a century, may be justly designated the *ne plus ultra* of the art.

These advantages, grafted upon Mr. SALOM'S long practical experience in a variety of Counting Houses, have enabled him to elaborate a novel and valuable series of transactions, introducing all the great heads and ramifications of mercantile routine to be actually developed by the student. A perpetual ticket confers the privilege of instruction in Book-Keeping at all times, as well as tuition in Writing, Mercantile Calculations, Law, Correspondence Forms, &c.

The Surveying and Mathematical department is in progress during the day and evening.

LESSONS IN Foreign Languages.

MR. AND MRS. L. S. B. DE ORETY, from PARIS, for four years past instructors in foreign languages in Milwaukee, have the honor to inform the public that they will form classes in the French, Italian and Spanish Languages on the 1st of September next. The course of instruction will be according to the age and intelligence of the pupils, and the classes kept entirely separate, their house being arranged with that view.

Gentlemen and ladies who begin to speak either of these languages, can receive lessons in Reading and Conversation, Mr. De Orety furnishing books of the best French authors. Those too wishing to learn vocal music in either of those languages, will find a competent music teacher in the establishment.

The hours of instruction will be from 8 to 11 o'clock A. M., and from 2 to 5 P. M. And in the evening from half past 6 to 8, for conversation.

Mr. DE ORETY will also give lessons in French, Spanish and Italian, at his office, to gentlemen only, from 7 to 10 o'clock in the evening, as also lessons in Fencing, the use of the sword, and all military exercises. Persons of delicate constitution and feeble temperament, as also those confined to their offices and engaged in sedentary pursuits, will derive from these exercises, improvement in their health, acquire strength in their limbs and find an agreeable recreation.

Mr. De Orety will also form similar classes for children, from 10 to 15 years old, at his house, or office, as parents may prefer. Fathers and mothers who desire to see their children strong, active and robust, can judge for themselves, after a few weeks trial, as to the effect of these different exercises upon their health.

The continued patronage of the public is respectfully solicited.

To MERCHANTS.—Mr. DE ORETY will take charge of French correspondence to all the principal cities of France and will procure all Price Currents that they may want.

Every Man his own Miller.

PORTABLE CAST IRON GRAIN MILL.

Young America Improved and Perfected.

THE above mill was patented by Charles Leavett, of Ill., Feb. 27th, 1855. This mill took the first premium at the Ohio State Fair, 1855, over all other mills, and during the fairs of the fall of 1856, the first premiums over many others in the State Fairs of Ohio, New York, Tennessee, Michigan and Minnesota, also, at the County Fairs of the following Counties of Ohio and Indiana, viz: Guernsey, Crawford, Logan, Medina, Ashland, Wayne, Knox, Montgomery Clark, Erie, Lorain, Richland, Plymouth district, Chester, Frederick. In Indiana, Tippecanoe, Jefferson, Wayne, Fayette, Shelby, Jennings, Warren and Fountain.

Farmers, Saw Mill owners, Livery Stable men and all others feeding stock of any kind are invited to examine the merits and superior advantages of the above mill.

The Young America will grind as much corn in the cob, shelled corn, oats, barley, and all other grains for stock as any mill of the same size and with much less draft.

What we claim is great strength, durability and simplicity, being so simple that a child can learn to grind with safety.

In the next we claim the small expense to renew the grinding parts of the mill, and the ease with which the grinders are put on the mill, at a cost of not over three dollars, which makes it superior and more economical than any other mill. The grinding parts of the above mill are made of the hardest of cast iron, as hard in fact as cast steel can be tempered. Each set will grind from 5,000 to 10,000 bushels of grain, with proper usage. Besides the set of grinders on the mill, an extra set will be sent with each mill sold, making it equal to two common mills. When found necessary to change the grinders, almost any one can do it in twenty minutes.

As a proof of the estimation in which the Young America is held in Ohio, we would state that during the fall, winter and spring of 1855–56, 2500 were made and sold in Ohio at Zanesville, by Douglas Smith & Co., Hall & Allen of Mansfield, Eldridge & Faudener of Cincinnati, and at New Philadelphia.

At this time there is not less than 200 being sold every week in Ohio, at retail, besides those sold in other states east and west.

The above mill is being manufactured and can be furnished at wholesale and retail, from the Wisconsin Iron Works, of A. J. Langworthy, on the water power in the City of Milwaukee. The mill is warranted perfect in all respects.

Dealers in agricultural implements and machines, of the State of Wisconsin, are requested to call and make arrangements for the sale of the above mills; to whom a liberal discount will be made on the retail price; also any others wishing to engage in a profitable business. Would call attention to good men who have teams in any part of the State, who would peddle the mills through the country. Four can be taken on a wagon at a time—liberal arrangements would be made with them.

The above mill will grind from 8 to 20 bushels of grain per hour, in accordance with the kind and condition of the grain.

Price of the Young America $55—ready to hitch to and warranted to grind as fast as any mill of the same size when properly worked, and with less draft.

For further information address or see the undersigned, sole owner of the right to the State of Wisconsin.

FINE CLOTHING,

Second door above the Astor House, NEW YORK,

WOULD SUGGEST to the Trade, that they will be prepared for Spring sales with their usual extensive stock of the finer qualities of

READY MADE CLOTHING.

In reference to which they would suggest, that the facility with which their goods can be fitted, every garment being marked in lengths and breadths, the same size breast being varied to suit different proportions of the same measure, should give them the preference over any clothing, the sizes of which are indefinitely marked. The difficulty of really suiting patrons from that fact, it is presumed, has been very generally realized. In a word, strict attention is directed in a determination to render our garments equal in every respect to the best custom work. feb6d8mVO&CO

E. & J. HOLMES' IMPROVED SEAMLESS WHALEBONE SKIRTS.

WE take pleasure in again introducing our improved Seamless Skirt, as being the most acceptable article in market; we are aware that many new styles called improvements are before the public, such as India Rubber, Gutta Percha, Rattan, &c., all of which we have if called for—but cannot recommend them, as we have experimented with and tested them all—(most of them two years since) submitting them to the judgment of competent ladies to decide upon their merits, and have found them from actual use, to be in all important respects, inferior to our properly prepared Whalebone which has been in use the past years, and for which has been expressed from all parts of the country entire satisfaction; and we have the more positive evidence from our own large retail trade, amounting to many dozens per day. Therefore we confidently recommend our Skirts to be the least objectionable of anything in use; possessing many advantages *found in no other Skirt*, the most important of which is *our series of elastic cords* at the bottom, made from the only material that can be used, that will recover its place when pressed out of shape, will not roll nor curl, is not affected by heat or cold and can be washed without injury. These cords at the bottom, instead of bones, which are exceedingly awkward and inconvenient, with our own prepared bones above and a fabric manufactured by ourselves expressly for our goods, in our estimation and the estimation of thousands who have used them, pronounce a Skirt, and the only skirt equally adapted to the parlor, the street, and the crowd, giving a proper, graceful and elegant form to a Ladies' dress; light, pliable, easily adjusted and in every respect a complete article. The public are cautioned against all imitations or other goods called Seamless Skirts. Every genuine article is stamped E. & J. Holmes' Improved Seamless Whalebone Skirt, and are for sale at 99 Market street, Philadelphia, and in the principal Jobbing Houses in New York and Boston. E. & J. HOLMES & CO.

HEALTHY BREAD!

MADE WITH
JAS. PYLE'S DIETETIC SALERATUS.

THIS article is deprived of the caustic impurities, so well known to exist in all common Saleratus, thereby dealing destruction to thousands not aware of its injurious qualities. So destructive is it to the constitution of children, that where they and the parents have been regular consumers of Saleratus Bread, there is but little chance for recovery from infantile or contagious diseases. In this way thousands meet with premature Death—the sad reality of which is forcibly demonstrated, in the mortality among children, in the New England and other States, where warm bread and cake is so generally consumed.

JAS. PYLE'S DIETETIC SALERATUS

Is of vast importance to the public, and is rapidly coming into use. Being deprived of all caustic impurities, it is quite as harmless as flour. In point of economy it excels having powerful raising properties, and is altogether superior to Baking Soda. No intelligent lady will dispute this after trying it.

☞ It is packed in pound packages, each bearing the name of James Pyle, without which it is not genuine. For sale by John Furlong & Co., C. A. Folsom, Chapin & Gregory, Milwaukee; Ethridge, Shoemaker & Co., Madison, E. H. Jones & Bro., Fond du Lac, Wis.; A. Gross & Coag, Chicago. JAMES PYLE,

MEDICAL.

R. R. R.

THE MEDICAL TRINITY.

EACH of Radway's Three Remedies possess special curative powers over certain diseases; and when either the Ready Relief, Renovating Resolvent, or the Regulators, are used for the certain class of diseases they are specially designed for, the system undergoes a rapid transformation from its diseased condition to a healthy and happy state of existence.

RADWAY'S READY RELIEF.

This remedy is to be used externally, or taken internally, for all pains, aches and infirmities. In a few minutes it stops the most torturing pains, subdues all inflammations and cures the worst cases of *Rheumatism, Lumbago, Gout, Paralysis, Neuralgia, Tooth-ache, Burns, Sprains, Strains, &c.* It restores the *lame, infirm and crippled* to soundness and vigor. It is likewise a certain cure and preventive for *Fever and Ague, Scarlet Fever, Smallpox, Croup Hoarseness, Colds and Influenza.* Whenever you feel any unpleasant or painful symptoms, take a dose of Radway's Ready Relief, or apply it to the parts where the pain is located; in a short time you will enjoy ease and comfort.

Bear in mind, there is no pain so severe but that Radway's ready relief will stop, and no system so crippled with infirmities but that the R. R. R. Remedies will restore to sound and vigorous health.

RADWAY'S REGULATORS.

The discovery of these wonderful pills establishes a new era in purgatives, and a new principle in the science of medicine. In taking these pills no griping pains or sickness at stomach is experienced; they operate naturally, leaving the bowels, liver and other organs in a natural condition.

They insure those who take them a good appetite and a healthy digestion.

Each pill that is taken gives new life to the blood; they purify it, take from it all impure deposits and equalize its circulation.

One or two doses of Radway's Regulators will entire remove all distressing symptoms of Dyspepsia, Jaundice, Nervousness, Indigestion, Costiveness, Liver Complaint, Billiousness, Melancholy, and will cure all organic diseases, either in man or woman. Ladies troubled with irregularities or weakening discharges, may rely upon a prompt cure and regular periods if Radway's Regulators are taken.

PICTURE OF HEALTH AND BEAUTY.

A few doses of Radway's Regulators will insure a clear, fair, pure and healthy skin and a rosy complexion. They give to those troubled with weak dull, yellow eyes, a clear and brilliant appearance. Radway's pills give a natural beauty to the face, eyes and head; and the use of the Ready Relief as a wash for the teeth and an aromatic for the breath, will change the most disgusting foul breath to sweetness, and the blackest teeth to Parian whiteness.

One to ten of Radway's Regulators is a dose; they never do injury, but always do good.

CONGESTIVE DISEASES, APOPLEXY, TERMINATION OF BLOOD TO THE HEAD.

Persons of full blooded plethoric habits are more subject to congestive diseases, headaches, rush of blood to the head, than those of a lean habit; bleeding in these cases is highly detrimental, nor does this practice lessen the danger; the difficulty is not caused by too much blood, but by its disturbed circulation, and the irregular action of the *heart*. Now a dose of Radway's Regulators will correct all these difficulties—they will *correct* the action of the heart, liver, and all other organs, to a natural and regular action, and will immediately *equalize* the circulation of the blood. Mere purging in these cases will only aggravate the disease.

Radway's Regulators not only *regulate* the bowels, by which all diseased and injurious matter is purged from *the body*, but they control the whole system, and, *force*, each and every organ, the heart, brain, liver, nerves, bowels, skin, pancreas, bladder, kidneys, stomach, lungs, throat, blood, and every tissue in the whole organization, to a healthy and regular action. They infuse new life throughout the whole system; their action is not confined to any local part of the stomach, like common pills, but they search out diseased action wherever it may be hidden, and expel all diseased humors and deposits from the body. In a few hours after taking a dose of these life creating pills you feel refreshed and invigorated from head to foot. We have known the dispirited and melancholy take a dose of Radway's Regulators *just to feel good—they make one feel so happy.*

RADWAY'S RENOVATING RESOLVENT.

Cures Humors, Salt Rheum, Scrofula, Ulcers, Nodes Tumors, Fever Sores, Skin Eruptions, Blotches Bronchitis, Dyspepsia, Gout, Dropsy, Syphilis. Consumption, Apoplexy, &c.; and all constitutional and chronic diseases, either inherited by hereditary transmission, or inoculated by exposure or otherwise.

—There is no remedy in the world that will work such miraculous cures in old diseases as Radway's Resolvent. It changes the whole human body—reproduces new and healthy blood.

☞ Bleeding from the lungs—Radway's Renovating Resolvent will, in a few minutes, check Hemorrhage from the lungs or throat. In cases where the patient coughs up clots of blood or pus streaked with blood, Radway's Resolvent will soon remove the difficulty.

☞ Sarah Hammond, of 193 East Thirty-Second st. had a bad cough for two years, she coughed up sometimes half a pint of blood during the night. She was cured in seven days by the Relief and Resolvent.

☞ A sore leg of 21 years cured in three weeks, by Radway's Relief. Mr. T. H. Kilgo, a merchant of high standing in Dahlonega, Ga., says:—"That a gentleman who, for 21 years, had been afflicted with a sore leg, that resisted every kind of treatment, was effectually cured in three weeks by Radway's Ready Relief, Resolvent and Regulators."

GENERAL COMPLAINTS.

If you catch a sudden cold, get a sore throat, or become afflicted with influenza, a dose of Radway's Regulators, and an application of the Ready Relief, will free you from all pain and uneasiness. In a few minutes after the Relief is applied no soreness will trouble you. If afflicted with headache, either nervous or from foul stomach, Radway's Ready Relief, and a dose of Regulators, will remove all pain from the head, and restore health to the nervous and afflicted.

Radway's Ready Relief and Regulators always cures *Dyspepsia* in its most distressing forms, and nervousness with all its horrors.

☞ WHOOPING COUGH.—Thousands of cases of Whooping Cough have been cured in a few days by the Resolvent and Relief, and if the Whooping Cough is prevalent in the neighborhood, those who take half a teaspoonful of Ready Relief in a little water, once or twice per day, will never catch it. Radway's Relief destroys the infection of the "Whooping Cough."

☞ TOBACCO CHEWERS.—Those who have become reduced by the effect of tobacco, or the indulgence in spirituous liquors, who feel the horrors of incapacity, weakness, sterility, and the *infirmities* which a fast and intemperate, luxurious and lustful course of life inflicts upon its victims, will find relief from these horrors, and sure restoration to health, strength and vigor, by the use of Radway's Relief, Regulators and Resolvent.

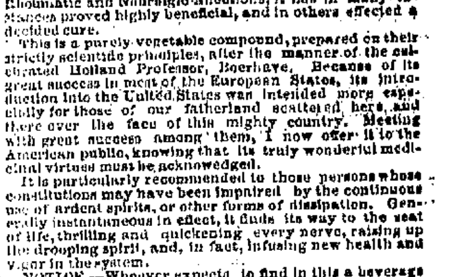
BOERHAVE'S HOLLAND BITTERS



THE CELEBRATED HOLLAND REMEDY FOR
DYSPEPSIA,
DISEASE OF THE KIDNEYS,
LIVER COMPLAINT,
WEAKNESS OF ANY KIND
FEVER AND AGUE,

And the various affections consequent upon a disordered
STOMACH OR LIVER,

Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in many instances proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.

NOTICE.—Whoever expects to find in this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.

CAUTION!

The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given BOERHAVE'S HOLLAND BITTERS a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.

SALOM'S MERCANTILE COLLEGE!

A Perpetual Ticket for $25!

GENTLEMEN desirous of acquiring a thorough Mercantile Education, are assured that the advantages presented at this institution are unsurpassed.

The Principal takes this opportunity to acknowledge the courtesy of several of the most distinguished Shipping and Jobbing Houses in the East, who recently allowed him to examine their books, besides explaining many original plans for economizing labor, which, adopted as in some instances after the experience of half a century, may be justly designated the *ne plus ultra* of the art.

These advantages, grafted upon Mr. SALOM'S long practical experience in a variety of Counting Houses, have enabled him to elaborate a novel and valuable series of transactions, introducing all the great heads and ramifications of mercantile routine to be actually developed by the student. A perpetual ticket confers the privilege of instruction in Book-Keeping at all times, as well as tuition in Writing, Mercantile Calculations, Law, Correspondence Forms, &c.

The Surveying and Mathematical department is in progress during the day and evening.

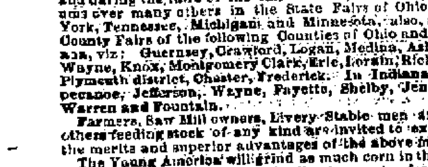
Every Man his own Miller.

PORTABLE CAST IRON GRAIN MILL:

Young America Improved and Perfected.



THE above mill was patented by Charles Leavett, of Ill., Feb. 27th, 1855. This mill took the first premium at the Ohio State Fair, 1855, over all other mills, and during the fairs of the fall of 1856, the first premiums over many others in the State Fairs of Ohio, New York, Tennessee, Michigan and Minnesota, also, at the County Fairs of the following Counties of Ohio and Indiana, viz: Guernsey, Crawford, Logan, Medina, Ashland, Wayne, Knox, Montgomery Clark, Erie, Lorain, Richland, Plymouth district, Chester, Frederick. In Indiana, Tippecanoe, Jefferson, Wayne, Fayette, Shelby, Jennings, Warren and Fountain.

Farmers, Saw Mill owners, Livery Stable men and all others feeding stock of any kind are invited to examine the merits and superior advantages of the above mill.

The Young America will grind as much corn in the cob, shelled corn, oats, barley, and all other grains for stock as any mill of the same size and with much less draft.

What we claim is great strength, durability and simplicity, being so simple that a child can learn to grind with safety.

In the next we claim the small expense to renew the grinding parts of the mill, and the ease with which the grinders are put on the mill, at a cost of not over three dollars, which makes it superior and more economical than any other mill. The grinding parts of the above mill are made of the hardest of cast iron, as hard in fact as cast steel can be tempered. Each set will grind from 5,000 to 10,000 bushels of grain, with proper usage. Besides the set of grinders on the mill, an extra set will be sent with each mill sold, making it equal to two common mills. When found necessary to change the grinders, almost any one can do it in twenty minutes.

As a proof of the estimation in which the Young American is held in Ohio, we would state that during the fall, winter and spring of 1855-56, 2500 were made and sold in Ohio, at Zanesville, by Douglas, Smith & Co.; Hall & Allen of Mansfield, Eldridge & Faucener of Cincinnati, and at New Philadelphia.

At this time there is not less than 200 being sold every week in Ohio, at retail, besides those sold in other states east and west.

The above mill is being manufactured and can be furnished at wholesale and retail, from the Wisconsin Iron Works of A. J. Langworthy, on the water power in the City of Milwaukee. The mill is warranted perfect in all respects.

Dealers in agricultural implements and machines, of the State of Wisconsin, are requested to call and make arrangements for the sale of the above mills, to whom a liberal discount will be made on the retail price; also any others wishing to engage in a profitable business. Would call attention to good men who have teams, in any part of the State, who would peddle the mills through the country. Four can be taken on a wagon at a time—liberal arrangements would be made with them.

The above mill will grind from 8 to 20 bushels of grain per hour, in accordance with the kind and condition of the grain.

Price of the Young America $55—ready to hitch to and warranted to grind as fast as any mill of the same size when properly worked, and with less draft.

For further information address or see the undersigned, sole owner of the right to the State of Wisconsin.

FINE CLOTHING,

231 BROADWAY,

Second door above the Astor House, NEW YORK,

WOULD SUGGEST to the Trade, that they will be prepared for Spring sales with their usual extensive stock of the finer qualities of READY MADE CLOTHING.

In reference to which they would suggest, that the facility with which their goods can be fitted, every garment being marked in lengths and breadths, the same size breast being varied to suit different proportions of the same measure, should give them the preference over any clothing, the sizes of which are indefinitely marked. The difficulty of really suiting patrons from that fact, it is presumed, has been very generally realized. In a word, strict attention is directed in a determination to render our garments equal in every respect to the best custom work. feb6d3mVOACO

E. & J. HOLMES' IMPROVED SEAMLESS WHALEBONE SKIRTS.

WE take pleasure in again introducing our improved Seamless Skirt, as being the most acceptable article in market; we are aware that many new styles called improvements are before the public, such as India Rubber, Gutta Percha, Rattan, &c., all of which we have if called for—but cannot recommend them, as we have experimented, with and tested them all—(most of them two years since) submitting them to the judgment of competent ladies to decide upon their merits; and have found them from actual use, to be in all important respects, inferior to our properly prepared Whalebone which has been in use the past years, and for which has been expressed from all parts of the country entire satisfaction; and we have the more positive evidence from our own large retail trade, amounting to many dozens per day. Therefore we confidently recommend our Skirts to be the least objectionable of anything in use; possessing many advantages *found in no other Skirt*, the most important of which is *our series of elastic cords* at the bottom, made from the only material that can be used, that will recover its place when pressed out of shape, will not roll nor curl, is not affected by heat or cold and can be washed without injury. These cords at the bottom, instead of bones, which are exceedingly awkward and inconvenient, with our own prepared bones above and a fabric manufactured by ourselves expressly for our goods, in our estimation and the estimation of thousands who have used them, pronounce a Skirt, and the only skirt equally adapted to the parlor, the street, and the crowd, giving a proper, graceful and elegant form to a Ladies' dress; light, pliable, easily adjusted and in every respect a complete article. The public are cautioned against all imitations or other goods called Seamless Skirts. Every genuine article is stamped E. & J. Holmes' Improved Seamless Whalebone Skirt, and are for sale at 99 Market street, Philadelphia, and in the principal Jobbing Houses in New York and Boston. E. & J. HOLMES & CO.

HEALTHY BREAD!

MADE WITH

JAS. PYLE'S DIETETIC SALERATUS.

THIS article is deprived of the caustic impurities, so well known to exist in all common Saleratus, thereby dealing destruction to thousands no aware of its injurious qualities. So destructive is it to the constitution of children, that where they and the parents have been regular consumers of Saleratus Bread, there is but little chance for recovery from infantile or contagious diseases. In this way thousands meet with premature Death—the sad reality of which is forcibly demonstrated, in the mortality among children, in the New England and other States, where warm bread and cake is so generally consumed.

JAS. PYLE'S DIETETIC SALERATUS is of vast importance to the public, and is rapidly coming into use. Being deprived of all caustic impurities, it is quite as harmless as flour. In point of economy it excels having powerful raising properties, and is altogether superior to Baking Soda. No intelligent lady will dispute this after trying it.

It is packed in pound packages, each bearing the name of James Pyle, without which it is not genuine. For sale by John Furlong & Co., O. A. Folsom, Chapin & Gregory, Milwaukee; Ethridge, Shoemaker & Co., Madison. E. H. Jones & Bro., Fond du Lac, Wis.; A. Gross & Coag, Chicago. JAMES PYLE,

MEDICAL.

R. R. R.

THE MIRACULOUS TRINITY.

EACH of Radway's Three Remedies possess special curative powers over certain diseases; and when either the Ready Relief, Renovating Resolvent, or the Regulators, are used for the certain class of diseases they are specially designed for, the system undergoes a rapid transformation from its diseased condition to a healthy and happy state of existence.

RADWAY'S READY RELIEF.

This remedy is to be used externally, or taken internally, for all pains, aches and infirmities. In a few minutes it stops the most torturing pains, subdues all inflammations and cures the worst cases of *Rheumatism, Lumbago, Gout, Paralysis, Neuralgia, Toothache, Burns, Sprains, Strains, &c.* It restores the *lame, infirm and crippled* to soundness and vigor. It is likewise a certain cure and preventive for *Fever and Ague, Scarlet Fever, Smallpox, Croup Hoarseness, Coughs and Influenza.* Whenever you feel any unpleasant or painful symptoms, take a dose of Radway's Ready Relief, or apply it to the parts where the pain is located; in a short time you will enjoy ease and comfort.

Bear in mind, there is no pain so severe but that Radway's ready relief will stop, and no system so crippled with infirmities but that the R. R. R. Remedies will restore to sound and vigorous health.

RADWAY'S REGULATORS.

The discovery of these wonderful pills establishes a new era in purgatives, and a new principle in the science of medicine. In taking these pills no griping pains or sickness at stomach is experienced; they operate naturally, leaving the bowels, liver and other organs in a natural condition.

They insure those who take them a good appetite and a healthy digestion.

Each pill that is taken gives new life to the blood; they purify it, take from it all impure deposits and equalize its circulation.

One or two doses of Radway's Regulators will entire remove all distressing symptoms of Dyspepsia, Jaundice, Nervousness, Indigestion, Costiveness, Liver Complaint, Biliousness, Melancholy, and will cure all organic diseases, either in man or woman. Ladies troubled with irregularities or weakening discharges, may rely upon a prompt cure and regular periods if Radway's Regulators are taken.

PICTURE OF HEALTH AND BEAUTY.

A few doses of Radway's Regulators will insure a clear, fair, pure and healthy skin and a rosy complexion. They give to those troubled with weak dull, yellow eyes, a clear and brilliant appearance. Radway's pills give a natural beauty to the face, eyes and head; and the use of the Ready Relief as a wash for the teeth and an aromatic for the breath, will change the most disgusting foul breath to sweetness, and the blackest teeth to Parian whiteness.

One to ten of Radway's Regulators is a dose; they never do injury, but always do good.

CONGESTIVE DISEASES, APOPLEXY, TERMINATION OF BLOOD TO THE HEAD.

Persons of full blooded plethoric habits are more subject to congestive diseases, headaches, rush of blood to the head, than those of a lean habit; bleeding in these cases is highly detrimental, nor does this practice lessen the danger; the difficulty is not caused by too much blood, but by its disturbed circulation, and the irregular action of the *heart.* Now a dose of Radway's Regulators will correct all these difficulties—they will *correct* the action of the heart, liver, and all other organs to a natural and regular action, and will immediately *equalize* the circulation of the blood. Mere purging in these cases will only aggravate the disease.

Radway's Regulators not only *regulate* the bowels, by which all diseased and injurious matter is purged from *the body*, but they control the whole system, and, *force*, each and every organ, the heart, brain, liver, nerves, bowels, skin, pancreas, bladder, kidneys, stomach, lungs, throat, blood, and every tissue in the whole organization, to a healthy and regular action. They infuse new life throughout the whole system; their action is not confined to any local part of the stomach, like common pills, but they search out diseased action wherever it may be hidden, and expel all diseased humors and deposits from the body. In a few hours after taking a dose of these life creating pills you feel refreshed and invigorated from head to foot. We have known the dispirited and melancholy take a dose of Radway's Regulators *just to feel good—they make one feel so happy.*

RADWAY'S RENOVATING RESOLVENT.

Cures Humors, Salt Rheum, Scrofula, Ulcers, Nodes Tumors, Fever Sores, Skin Eruptions, Blotches Bronchitis, Dyspepsia, Gout, Dropsy, Syphilis, Consumption, Apoplexy, &c.; and all constitutional and chronic diseases, either inherited by hereditary transmission, or inoculated by exposure or otherwise.

There is no remedy in the world that will work such miraculous cures in old diseases as Radway's Resolvent. It changes the whole human body—reproduces new and healthy blood.

☞ Bleeding from the lungs—Radway's Renovating Resolvent will, in a few minutes, check Hemorrhage from the lungs or throat. In cases where the patient coughs up clots of blood or pus streaked with blood, Radway's Resolvent will soon remove the difficulty.

☞ Sarah Hummond, of 103 East Thirty-Second st., had a bad cough for two years, she coughed up sometimes half a pint of blood during the night. She was cured in seven days by the Relief and Resolvent.

☞ A sore leg of 21 years cured in three weeks, by Radway's Relief. Mr. T. H. Kilgo, a merchant of high standing in Dahlonega, Ga., says:—"That a gentleman who, for 21 years, had been afflicted with a sore leg, that resisted every kind of treatment, was effectually cured in three weeks by Radway's Ready Relief, Resolvent and Regulators."

GENERAL COMPLAINTS.

If you catch a sudden cold, get a sore throat, or become afflicted with influenza, a dose of Radway's Regulators, and an application of the Ready Relief, will free you from all pain and uneasiness. In a few minutes after the Relief is applied no soreness will trouble you. If afflicted with headache, either nervous or from foul stomach, Radway's Ready Relief, and a dose of Regulators, will remove all pain from the head, and restore health to the nervous and afflicted.

Radway's Ready Relief and Regulators always cures *Dyspepsia* in its most distressing forms, and nervousness with all its horrors.

☞ WHOOPING COUGH.—Thousands of cases of Whooping Cough have been cured in a few days by the Resolvent and Relief, and if the Whooping Cough is prevalent in the neighborhood, those who take half a teaspoonful of Ready Relief in a little water, once or twice per day, will never catch it. Radway's Relief destroys the infection of the "Whooping Cough."

☞ TOBACCO CHEWERS.—Those who have become reduced by the effect of tobacco, or the indulgence in spirituous liquors, who feel the horrors of incapacity, weakness, sterility, and the *infirmities* which a fast and intemperate, luxurious and lustful course of life inflicts upon its victims, will find relief from these horrors, and sure restoration to health, strength and vigor, by the use of Radway's Relief, Regulators and Resolvent.

BOERHAVE'S HOLLAND BITTERS

THE CELEBRATED HOLLAND REMEDY FOR

DYSPEPSIA,

DISEASE OF THE KIDNEYS,

LIVER COMPLAINT,

WEAKNESS OF ANY KIND

FEVER AND AGUE,

And the various affections consequent upon a disordered

STOMACH OR LIVER,

Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in many instances proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.

NOTICE.—Whoever expects to find in this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.

CAUTION!

The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given BOERHAVE'S HOLLAND BITTERS a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.

☞ Sold at $1,00 per Bottle, or six Bottles for $5,00, by the
